

Amendments to the Specification:

Please delete the paragraph beginning at page 1, line 1, which starts with "Description".

Please add the following new paragraph after the paragraph ending at page 1, line 1:

Cross-Reference to Related Applications

Please add the following new paragraph before the paragraph ending at page 1, line 5:

Field of the Invention

Please add the following new paragraph before the paragraph ending at page 1, line 7:

Background of the Invention

Please add the following new paragraph before the paragraph ending at page 2, line 2:

Summary of the Invention

Please add the following new paragraph before the paragraph ending at page 4, line 1:

Brief Description of the Drawings

Please add the following new paragraph before the paragraph ending at page 4, line 17:

Detailed Description of the Invention

Please delete previous abstract at page 1 and add the following new abstract:

Organic photovoltaic component are disclosed. The components can include a substrate, a first electrode supported by the substrate, an organic semiconductor layer supported by the first electrode, and a second electrode supported by the organic semiconductor layer. The substrate and/or one or more additional transport layer(s) between the first electrode and the semiconductor layer can be structured, and the semiconductor layer can have a planar surface.
